Financial Services Guide

As of 15 February 2022

This Financial Services Guide (FSG) is an important document. It is designed to assist you in deciding whether to use any of the financial services and products offered and/or promoted by AtlasTrend Pty Ltd (ABN 83 605 565 491, Authorised Representative No 001233660) (AtlasTrend, we or us). As the provider of financial services, we are required to provide you with this FSG.

This FSG provides you with information about:
• the types of services and products we can offer you
• how we (and other relevant persons) are remunerated for these services and products
• our external complaints handling procedures and how you can use them
• how you can contact us, our authorising licensees and the issuers of our financial products.

Other disclosure documents

Before you can invest in one of our retail financial products we are required to provide you with a product disclosure statement (PDS). The PDS contains important information regarding the features, benefits, risks and fees applicable to an investment in that financial product, and should be read carefully to enable you to make an informed decision about whether to invest in the financial product. You should consult with your licensed financial adviser if required.

A Statement of Advice (SOA) will normally be given to you when you are provided with any personal advice, which takes into account your objectives, financial situation and needs. We do not provide personal advice. Therefore, we will not provide you with an SOA. An intermediary (such as a financial planner, stockbroker or dealer group) may provide you with an SOA.

About AtlasTrend managed funds

The AtlasTrend managed funds were created with a mission to provide simple worldwide investing for everyone. The founders of AtlasTrend believe that the opportunity to invest worldwide should be accessible to as many people as possible. We bring you an engaging and transparent way to invest in trends worldwide such as the surge in online shopping.

Using the AtlasTrend proprietary investment technology system, our investment team can rapidly assess an investment universe of approximately 5,000 large listed international companies with a relatively small team. As a result, we employ less people in the investment management team and can charge lower fees while still maintaining a highly robust investment management system.

To take advantage of our managed fund services, you must hold an AtlasTrend membership. Membership provides you with access to our insights on the leading world trends for investment and research on the underlying companies we have selected which benefit from these trends. Our standard terms of conditions for membership can be found here.

From time to time, we may run promotions, offers or incentives which:
- could include benefits such as discounting or waiving membership fees or providing additional goods or services free of charge or crediting amounts toward investments in AtlasTrend managed funds;
- may be subject to eligibility criteria we determine in our discretion; and
- we will be solely responsible for administering and funding. Fundhost has no responsibility and no associated costs will be borne by any of the AtlasTrend managed funds.

Members can invest in the AtlasTrend managed funds through our online platform and receive transparent information on where their money is invested on a daily basis.

We use an outsourced service provider model for the AtlasTrend managed funds, which allows our key personnel to concentrate on portfolio management (that is choosing the right stocks for our funds) and providing quality research information to unit holders of the funds. Fundhost is the responsible entity and issuer of the AtlasTrend managed funds. Fundhost appoints us as the investment manager to manage the assets of each fund, and we are responsible for making investment decisions. Fundhost also provides services including compliance, administration and reporting services.

The AtlasTrend managed funds that are currently available for investment are:
- AtlasTrend Big Data Big Fund (ARSN 607 700 367)
- AtlasTrend Online Shopping Spree Fund (ARSN 607 699 098)
- AtlasTrend Clean Disruption Fund (ARSN 626 109 635)

You can access information about AtlasTrend membership and the AtlasTrend managed funds (including the PDS) at our AtlasTrend website (www.atlastrend.com).
